General Agent of  Products

ARBOINOX is a supplier of high-quality stainless steel products. We profit from the 30 year old experience of our partner company HOMER and supply since 2005 the European market with best technical materials and high requirements, to favourable prices.

We produce high-grade stainless steel parts for the yacht industry and architecture products with the emphasis building of railings, in the qualities AISI 304 /V2A and AISI 316 /V4A. Our products are conceived in our German development department. Constant controls ensure for the fact that our high quality standard is ensured on a long-term basis. With our factory in China and our warehouse in Germany, we can adjust ourselves fast to your need and guarantee an effective co-operation.

You can reach us any time, our team will always be with you as trusted customer advisers and with reliable service.
